

April 12, 2017
Rescheduled
From February 15

You're invited!

TRANSFORMING FAMILY PRACTICE FOR BETTER HEALTH

Please join us to learn more about the new Family Practice Renewal Program (FPRP)! Our evening sessions in the Eastern region will provide an overview of FPRP, a question and answer session, and an opportunity to provide your perspective on primary care priorities, opportunities, and challenges in your local areas.

The sessions will be led by FPRP Program Director, Glenda Nash and Ian Hodder, Senior Program Consultant.

Dinner will be provided, so please come out, see your colleagues, and let's discuss how FPRP can benefit your patients, your practice, and your community!

Wednesday, Apr 12
6 - 8:30 pm
NLMA House

The Family Practice Renewal Program (FPRP) is an initiative of the Newfoundland and Labrador Medical Association (NLMA) and the Department of Health & Community Services (DHCS), Government of Newfoundland & Labrador. The program signifies a critical level of internal agreement: (i) that improved population health and health system sustainability in Newfoundland and Labrador will require a renewed focus on primary health care reform, and on family practice reform, in particular; and, (ii) that family physicians have an important role to play in the improvement and full integration of primary care and primary health care services and supports. The FPRP has three core initiatives: Family Practice Networks, Practice Improvement, and Conditional Codes.
