**Re: Accepting Referrals for Mercer Dermatology**

Dear Colleagues,

We are pleased to inform you that Dr. Joshua Mercer is currently accepting Dermatology referrals. His office, Mercer Dermatology, is located **on the second floor of the Campbell PharmaChoice Building** at:

3-39 Campbell Avenue  
St. John's, NL A1E 2Z3

In an effort to better triage referrals received, we kindly request that all referring physicians **complete the attached "Mercer Dermatology Referral Form"**. This process will ensure that patient's with skin cancers and other severe skin conditions are seen in a timely fashion. Please note that this referral form will also be available within Telus Health Med Access EMR sometime in the near future.

If you currently have referral letters already written in anticipation of the opening of this clinic, simply complete the Mercer Dermatology Referral Form for each referral and attach it as the cover letter.

The tentative start date for our clinic will be on **Monday, November 25, 2019**. We have requested that referring physicians directly contact our office to speak with our triage nurse regarding any referrals that are felt to be semi-urgent and we will make all efforts to accommodate your request. Otherwise, referrals will be triaged and scheduled as felt accordingly.

Regards,

---

Joshua M. Mercer, MD, FRCPC, FAAD  
Dermatologist
