

WHSCC toll-free fax number 1-866-553-5119

When faxing physician form 8/10s to the Commission, please ensure you are dialing **1-866-553-5119** and not 1-888-553-5119. It is important to make sure the forms are faxed to the correct number to:

- ▶ Protect the privacy of the injured worker
- ▶ Begin the medical management of the injured worker's claim as quickly as possible
- ▶ Ensure the physician is paid promptly

The Commission has no way of knowing if a form is faxed to the wrong number so please ask your staff to double check the numbers stored in fax machines as well as those numbers dialed manually.

Thank you for your co-operation.
