## NLMA President's Tour 2020

Dear Colleagues:

This has been a different year for all of us as we adjust to the challenges and pivot to new opportunities brought about by our collective response to the global pandemic.

This year, the President's Tour will be delivered virtually. As per previous years, we will still offer meetings based on geographic locations so that physicians have an opportunity to share their thoughts and raise any region-specific issues for discussion.

In anticipation of contract talks finally beginning in earnest this fall with the provincial government, the focus of my President's Tour will be on negotiations and issues facing the profession as a result of COVID-19.

The NLMA President's Tour provides members throughout the province with an opportunity to:

- Meet their current NLMA President as well as the Executive Director of the Association
- Receive an update on the upcoming negotiations and response to COVID-19
- Receive an update on other important issues and what the Association will be working on in the future
- Identify their own local questions or concerns
- Network with colleagues and friends practicing in the same area

All members are strongly encouraged to attend this annual opportunity to actively participate in the work of the NLMA. **Dates and communities are listed below. However, as this will be a virtual tour, you are free to choose a date, time and location most convenient for you.**
