

Dr. Danica Kindrachuk, MD FRCSC
Ophthalmologist – Eye Physician and Surgeon

Dear Newfoundland and Labrador Medical Community,

I am an ophthalmologist who has recently begun practicing in St. John's.

I attended undergraduate studies and then medical school at the University of Saskatchewan in Saskatoon. After receiving my medical degree, I completed a 5-year residency in ophthalmology at the University of Manitoba in Winnipeg where, being the only resident in my year, I gained extensive medical and surgical experience. During residency, I served as chief resident and practiced in many settings from rural Nunavut to the Misericordia Eye Hospital in Winnipeg. After graduating residency, I worked on Vancouver Island for 2 years prior to accepting this position in St. John's.

I am currently accepting consults for all ophthalmologic problems. I am happy to see children and adults, but any children under age 10 (or those with developmental delay) will need to be seen at the Janeway clinic as I do not have any pediatric equipment in the main office. I perform cataract surgery, eyelid surgery, and strabismus surgery as well as medical care for retinal problems such as diabetes and macular degeneration as well as glaucoma.

If you have any urgent consults, I am happy to accept as I currently am fitting in most patients within 2-3 weeks.

I look forward to working with you all.

Clinic Address: 31 Airport Road, St. John's, NL, A1A5A1

Phone: 1-709-726-8253

Fax: 1-844-971-1931

Hope to meet you all very soon once safe to do so!

Sincerely,

A handwritten signature in black ink, appearing to be 'DK' with a long horizontal stroke extending to the right.
