

**MEDICURO is pleased to offer Virtual Clinical Gynaecology Consultations and In-person assessment (as appropriate after virtual appointments)**

**Services Include:**

- Contraceptive Counselling
  - Including insertion of Nexplanon and Intrauterine devices
- Family planning
- Abnormal Gynecologic bleeding assessment and clinical management, including endometrial biopsy
- Menopause assessment and management
- Cervical screening
  - Including pap testing

Unfortunately at this time, we are not accepting consultations for issues suspected to need surgical management.

Consults can be sent to Medicuro
