

**General Internist
Locums
Carbonear General Hospital, Carbonear, NL**

About Us

Eastern Health is the largest, integrated health authority in Newfoundland and Labrador (NL) employing approximately 13,000 dedicated employees and servicing a population of more than 300,000 people. The authority offers the full continuum of health and community services including public health, long-term care, community services, hospital care and unique provincial programs and services. At Eastern Health, we pride ourselves on providing the highest quality care and service possible to the people in our communities, in our region, and in the province. To do that, we employ qualified, competent, and caring individuals who are dedicated to their professions and to your vision of Health People, Health Communities.

Eastern Health has locum General Internist opportunities available at the Carbonear General Hospital. The hospital provides services to a catchment area of approximately 50,000 people.

The hospital has 70 acute care beds with a 6 bed ICU. Specialty services include; Anesthesia, General Surgery, Obstetrical/Gynecology, Psychiatry, Pediatrics, Family Medicine (Hospitalist) and 24-hour Emergency coverage. Further supportive services include, 24-hour diagnostic imaging and laboratory services, physiotherapy, respiratory therapy, Chemotherapy, Pharmacy, Dialysis, ICU/Cardiac and Palliative Care. There are visiting services for ophthalmology and urology.

Long Term Care patients are located in the Private Josiah Memorial Pavilion. This is a long-term facility attached to the hospital.

Summary

The Carbonear Internal Medicine department is comprised of a total of four full-time Internists. The general accountabilities of the position are to provide clinical services, treatments and therapies within the scope of the general internist. This includes providing inpatient and office based general medicine consultation service, follow up visits, ongoing patient care and outpatient ambulatory services. Other services are available, including, Endoscopy, Bronchoscopy, sleep studies, pulmonary function testing and stress testing depending on applicants' qualifications and clinical practice interests. Hospital inpatients services including intensive care and participation in the call schedule is required.

Community
