

NEWFOUNDLAND AND LABRADOR
MEDICAL ASSOCIATION

2023 NLMA Membership Statistics

As Of April 6, 2023

These Newfoundland and Labrador Medical Association (NLMA) Membership Statistics present a high-level view of a point-in-time. They rely primarily on member-provided data, but also utilize data from external organizations.

Membership Categories

This section includes all those who hold membership in the NLMA, including optional and mandatory membership categories.

- **Student Categories** 265
 - Members enrolled in a Newfoundland and Labrador medical school undergraduate program.
- **Resident Categories** 190
 - Members enrolled in a medical school post-graduate program, or the Practice-Ready Assessment (PRA) program.
- **Practicing Categories** 1,527
 - Members who are in the practicing stage of their medical career, regardless of license status or place of permanent residency. It also includes those who are on parental, sick, sabbatical, or other types of temporary leave.
- **Retired Categories** 133
 - Members retired from the practice of medicine as defined by not holding a license issued under the *Medical Act, 2011*.

Practicing Members

This section includes all those who hold a license issued under the *Medical Act, 2011* (Full or Provisional categories), regardless of place of permanent residency (including those residing outside of the province). However, it excludes those who are on parental, sick, sabbatical, or other types of temporary leave.
