

## **Physician: Job posting for Centre of Health Excellence satellite clinic**

### **Company description**

This is an exciting opportunity in family medicine in the St. John's area. Our client is an innovative newcomer to the local healthcare landscape. They are bringing a new way of thinking about how primary and outpatient medicine can be delivered. A new way, that keeps the patient experience as a primary focus.

We want to eliminate barriers for physicians, enabling them to deliver more efficient, high-quality healthcare, with improved access for patients and superior outcomes. In other words, an environment where physicians can spend their time on what matters most - taking care of patients!

Are you;

- A general practitioner or have emergency medicine experience and are looking for something different,
- Interested in technology and leveraging innovation to improve clinical operations resulting in increased time with patients,
- New to practice or experienced, but looking to set new roots by partnering with a team that has a mission to create a more efficient system and better patient experiences,

If any of these resonate with you, then we would love to talk.

### **The Role**

- Working with a diverse team to deliver primary care in both a family medicine and walk in practice setting

### **The Requirements**

- A general practitioner with experience in family or emergency medicine and are looking for an opportunity that differs from traditional primary care models
- Licensure with the College of Physicians and Surgeons of Newfoundland and Labrador
- Comfortable using technology and passionate about its potential in healthcare
- Full and part time opportunities

If you are curious and would like to learn more, or have interest in speaking with us, we want to hear from you. (feel free to also send along your CV) to: [chad@peoplestuffnl.ca](mailto:chad@peoplestuffnl.ca) or apply to the link below.
