

Long-Term Care Position available immediately for Family Physician at Pleasant View Towers:

Time requirement- One half day per week for rounds + on call 1 out of every 7 weeks. Nurse Practitioner coverage during daytime.

Responsibilities include:

- In person weekly rounds with experienced nursing staff on the unit.
- Chronic disease management, emergency care/patient stabilization/transfer as well as palliative and end of life care.
- Daytime availability (8-5, m-f) for occasional phone calls from the floor.
- Doing (light) home overnight call as part of an on-call group. Most calls are manageable by phone.
- Occasionally a patient will need in-person assessment, so physicians are required to be available while on call to be on site when needed within 30 minutes. Fortunately, since after hours calls tend to be relatively few, this effectively means most of the time when on call you get paid for sleeping.
- Payment is fee for service for patients seen in person or virtually and a sessional stipend in addition for on call duties.
- Physicians arrange their own billing submissions.
- No overhead charges.
- Other minor administrative and teaching duties as outlined in the full position description.

If you are interested in joining us, or wish to discuss the full position description, please contact the division chief-

Dr. Aaron McKim
