

Locum and Permanent Opportunities – Family Medicine and Episodic Care

The Centre of Health Excellence (CHE) has opportunities for locum, full-time, and part-time physicians. Locum opportunities are ongoing, flexible, and available immediately. Permanent roles are open in family medicine, episodic care, and preventative health programs.

About Our Clinic Located on the main floor of Churchill Square, our modern clinic offers an exceptional physician experience supported by:

- A **team-based model** (RN + LPN support)
- **Technology-enabled workflows** (EMR, AI tools, patient-management software; full training provided)
- **Standardized, efficient processes** that reduce administrative burden
- A diverse, collaborative **physician team** with broad clinical interests

Opportunities are available for **new-to-practice and experienced physicians**.

Flexibility & Practice Model Physicians choose their preferred mix of **in-clinic and virtual care**, with full autonomy over scheduling and workload.

NEW: CHE Expansion – Unity Health Centre

CHE is developing a **larger, state-of-the-art clinic** at the **Unity Health Centre (28 Stavanger Drive)**, adjacent to the NLHS Ambulatory Health Hub. We are now accepting expressions of interest from physicians looking to **start, move, or grow** their practice in this new space.
